The Truth About Student Loans

...that you might not hear on the news

- Average student loan debt for four year degree holders in Maine (public and private) was $29,644 (14th highest in nation)
- Withdrawn students become defaulted borrowers
- Most have minimal debt, but no degree
The loan crisis is not about six figure debt, it’s about persistence and completion.

This chart is from the College Board’s Trends in Student Aid 2016.
Reduce Borrowing by Saving

- Saving can reduce the need to borrow and often has no impact on financial aid eligibility
- It’s never too early (or too late) to start
- Common Savings Vehicles
  - 529s
  - Coverdell Education Savings Accounts
  - Savings Bonds
  - Traditional and Roth IRA withdrawals
Before Borrowing

- **Compare** award letters to find best financial fit
- **Determine** future earnings:
  - Find expected income at CareerOneStop.org
  - Use FAME’s Student Loan/Salary Calculator
  - Borrow no more than 8 to 10% of available income, or no more than 1st year salary
- **Reduce** expenses, increase income, get financially fit!
Exhaust all scholarship and grant options –
  - Free Application for Federal Student Aid (FAFSA)
  - Research and apply for outside scholarships
  - Talk to a financial aid counselor

Remember – federal loans first!

Borrow only what is needed (okay to decline or return loan refunds)

Consider a tuition payment plan
Why Federal Loans First?

- Flexible Repayment
  - Standard
  - Graduated
  - Extended
  - Income Driven
- Deferment options
- Public service loan forgiveness
- Cancellation due to death or disability
- Fixed and possibly lower interest rates
- No credit check or co-signer required for students
William D. Ford Federal Direct Loan Program – available to undergraduate and graduate students attending college at least half time

- No credit check required
- One of the lowest-cost loan options
- **Direct Subsidized Loans**
  - Need-based, included on award letter
  - Interest (3.76%) does not accrue while the student is in school
- **Direct Unsubsidized Loans**
  - Not need-based, included on award letter
  - Interest (3.76% undergrad, 5.21% grad) accrues while the student is in school
Federal Loan Programs

- **Federal Perkins Loans** – low-interest loan for students with exceptional financial need
  - Awarded by the financial aid office; school is the lender
  - Not available at all schools
  - Interest rate is 5%

- **Federal Direct PLUS Loans** – available to parents and graduate students
  - Credit check required
  - Can help pay for expenses not covered by other financial aid
  - Interest rate is 6.31%
Private Loans

- Can help bridge gap between cost of education and financial aid
- Offered by private lenders
- Separate from the financial aid process and generally not included on award letter
- Credit-based, co-signer usually required
- Both national and Maine-based lenders exist
Private Loans – Things to Consider

- Eligibility criteria
- Interest rates and fees – *fixed* or *variable*?

  - **Fixed**
    - Rate may be higher than variable rate student loans
    - Not impacted by interest rate changes in the market
    - Provides consistent monthly payments for the life of the loan

  - **Variable**
    - Impacted by interest rate changes and can change throughout the repayment period
    - May be less expensive than a fixed rate loan depending on the interest rate environment
Private Loans – Things to Consider

- Annual percentage rate (APR) – cost of interest and fees expressed over time
- Repayment and deferment options
- Quality of customer service, lender experience and reputation
- Additional considerations:
  - Application process
  - Minimum, maximum, and aggregate loan amounts
  - Repayment term, borrower benefits, deferment and repayment options
  - Prepayment penalties, if any
  - Co-signer release
